## UNDERGROUND WORK

Done by the Industrial Alliance to Beat Lewelling.

## THE MINE IS ALREADY LAID

To Be Exploded Under the Administration of the Convention Meets—Some Interesting Particulars.

The JOURNAL today is able to give its readers the facts about a giant secret organization in the Populist party, which threatens to snatch a renomination out of Governor Lewelling's fingers just as he is on the point of grasping it. The information comes through a letter written to all the lodges in Kansas of the National Citizens' Industrial Alliance.

Noah Allen is national president of the Industrial Alliance, and Mrs. Annie L. Diggs national secretary, although this letter is signed by Noah Allen and W. F. Rightmire, ex-secretary. The organization has between 300 and 400 lodges in Kansas, and all its members are, as this letter shows, sworn never to vote a Republican or Democratic ticket, and are unalterably opposed to fusion. This remarkable letter, which explains itself, reads as follows:

TOPEKA, Kan., May 24, 1894.  
To the Officers and Members of the National Citizens' Alliance No. —, of Kansas:  
Dear Brethren and Sisters:—Having been taught in the secret work of our heroic order that when in the dark days of the war of independence, Washington's army, encamped at Valley Forge, by traitors in the camp, had been sold for British gold, and he had caused the arrest of the traitors, he issued the command: "Put none but native Americans and true patriots on the guard to-night," so we, who in the past by your commands have been given the offices of your organizations, remembering the solemn obligations we took upon the flag of our country, would be traitors to the cause we have sworn to defend, did we not by this letter give warning of the traitors in our camp, those in control of the People's party organization of this state, who for the sake of the emoluments of office, have contracted to surrender the principles of the Reform cause in this state, to the British Financial Hessians, the Democrats of Kansas, who endorse and support Cleveland and the Gold Standard.

For months the governor, attorney general, state auditor, and Breidenbach, Zercher and Cone, the executive committee of our state committee have been arranging with the leaders of the Democratic party, a fusion ticket for our state convention to nominate, to be followed by the endorsement of the Democratic state convention.

The agreed plan is to nominate the present state officers, with the exception of the secretary of state, which is to be given to a Democrat, as well as the nominee for associate justice of the supreme court, and John Martin is to be re-elected United States senator for a six years term.

If they succeed in controlling the state convention and carrying out their programme, every member of the N. C. I. A. who votes the People's ticket must violate the obligation taken upon his country's flag, the binding one of our order, "Never to vote a Democratic or a Republican ticket, or for a member of either of those parties, while life shall last, to the fulfillment of which pledge, I pledge my sacred honor, and call upon the members present to witness my obligation, and which I ask Almighty God to assist me in keeping."

Brothers, do you intend to repudiate this obligation for the petty baubles that recreant members of our party, who by bargains and fusions, have disgraced our principles and the offices they fill, may be re-elected to those offices by Democratic aid?

If you choose to prove recreant to your vows, the undersigned will not, and we do not believe, that you will. By Democratic endorsement of our ticket two years ago, our state officers were used by men who have used their official positions to strengthen the Democratic party of this state, by the election of a Democratic United States senator and the majority of the police commissioners of the metropolitan cities as well as a large number of the subordinate state offices, and the subordinate positions in the state institutions, are today filled by Democrats and Republicans, casting upon our party the odium of not having within the party men competent to fill those positions.

With their fusion record of the past two years giving the lie to their professions of zeal for our reform cause, we are led to believe that the renomination of the present state officers will prove the death blow to the success of our reform principles in this state and endanger the same in the nation, and as the entire official patronage of this state, and the party machinery has been prostituted to that end, we call upon you to exert your utmost powers to send delegates to the state convention solemnly pledged to defeat the renomination of the present state officers and kill off fusion in our party, and if we meet with defeat and can not nominate true reformers free from fusion taint, we believe that the only way we can prevent the abandonment of our principles, which we have all pledged our lives to defend, is for members of the K. of L. P. A. & I. U., and N. C. I. A. to call another convention and put a straight ticket in the field, and we ask you to send as the names of five members of each order in your county, who will work to this end to be appended to such a call if such a convention becomes necessary.

Your Brothers in Reform,  
NOAH ALLEN, Nat'l pres. N. C. I. A.,  
W. F. RIGHTMIRE, Ex-nat'l sec'y N. C. I. A.

It is understood that the U. O. A. M., or the United Order of Anti-Monopolists, an order which grew out of the old Veterans, is working with the Citizens Alliance to defeat the present administration.

A JOURNAL reporter was today informed that unknown to the administration machine, this secret order, the Industrial Alliance, has elected many delegates to the state convention, who are unalterably opposed to the renomination of Lewelling. They were not to show their hand until the convention met, and then their strength was to be displayed in the sudden turning down of the governor and all his cohorts.

When the county conventions were held last week to elect delegates to the coming state convention, it was announced with a flourish of trumpets at the state house that the administration had been elected and that a large majority of the delegates elected would vote for Lewelling's renomination.

The anti-administration workers, including John F. Willits, Noah Allen, Dr. S. McCallin and W. F. Rightmire, have insisted that the state convention would nominate a new crowd and that the machine would be turned down but they have positively refused to explain how it was to be brought about.

The delegates elected by the Citizens Alliance is evidently the instrumentality they rely on.

## SHOPMEN, ATTENTION.

A Meeting Tonight to Consider the Pione Excursion Question.

It is earnestly requested by the committee in charge that every employee of the Santa Fe, who is interested in the coming shops excursion, will be present at the meeting at Trades Assembly hall at 8 o'clock this evening to make the final arrangements. ## ALL ALONG THE LINES.

Railroad News Items Interesting to Railroaders and the Public.  
According to the Wall Street News the western railway presidents, at their meeting in Chicago yesterday, adopted an agreement which takes the rate reducing power entirely out of the hands of freight agents and vests it in the presidents or vice presidents of the several roads. This is a radical change from previous methods, and the presidents believe it will prove effective in preventing rate wars in future.

The officials of the M. K. & T. at Parsons have been advised that the miners at Leigh and Coalgate in the Indian Territory are becoming uneasy and trouble is anticipated.  
According to the Parsons Sun the Missouri, Kansas & Texas shops in that city will soon be enlarged from necessity. They are taxed to their utmost capacity and it will not be long before they will have to be enlarged, which will necessitate a corresponding increase in the working force.

Railroad accidents have been very few in Kansas for the past few months and the state has not had a serious railway wreck for more than a year. There is no particular explanation for this further than that the roads have been keeping their tracks up in shape. There has been comparatively little extended bad weather and Kansas has received more than her share of providential smiles.

## SPICES AND SPARKS.

Personal Notes Among the Railroad Shops at Topeka.

Another train of eleven cars of bananas left Galveston last evening over the Santa Fe. Eight of them will go to Kansas City from Emporia, two go to Denver and one stops at Oklahoma City. Prof. Gentry's animal show went over the Santa Fe this morning to St. Joseph, where it will show the rest of this week.

Switchman Harry Dooding and wife have moved to Topeka from De Soto, Missouri.

The Santa Fe expects a big Turner business beginning Saturday on account of the state Turnpike, and is preparing to put on extra coaches.

Decoration Day Business.  
All of the Topeka roads report a good Decoration day business, although the rain spoiled a good deal of it. The Union Pacific's Ft. Riley special left at 11:15 with two coaches and about sixty people. The Santa Fe's local business was very good, and nearly every train has had an extra coach or two. The Rock Island has also had a good business.

## One Fare the Round Trip.

The Rock Island has announced a rate of one fare for the round trip to the national encampment of the G. A. R. at Pittsburg, Pa., in September, to the national meeting of the Baptist Young People's union at Toronto in July, to the meeting of the National Educational association at Asbury Park, N. J., in July, and the national convention of the Christian Endeavor society at Cleveland, O., in the same month.

## LOCAL MENTION.

This is pay day at the state house.

Railroad Commissioner Vincent received a telegram yesterday from Clay Center, announcing the serious illness of his wife, and left for his home last night.

A game of base ball was played at Garfield park yesterday afternoon, between a picked nine from the Modern Woodmen camp of this side, and one from the south side. It resulted in a score of 31 to 19 in favor of North Topeka.

George Lerrigo, secretary of the Young Men's Christian association, has begun a canvass of the city in the interest of the new quarters. He expects to finish canvassing in a week, and the move will be made in about six weeks, it is expected.

The funeral of Mrs. R. C. Cheddix, who was fatally injured in the runaway east of the city on Sunday, took place at three o'clock this afternoon. The men in the office of the auditor of passenger receipts at the Santa Fe offices, in which W. W. Harris, a brother of the dead woman, works, contributed a beautiful floral piece.

## GOES SUDDENLY INSANE.

A Servant Girl at Miss Blower's Boarding House Loses Her Reason.

A great deal of excitement was created at 7 o'clock last night at the fashionable boarding house of Miss Annie Blower, at Eighth and Quincy streets, by one of the kitchen girls being taken suddenly with insanity.

The victim of the attack was Miss Ella Owens. She had complained of feeling bad all day, and at 7 o'clock she fell to the floor while peeling potatoes in the kitchen. She became so violent that it required several men to hold her. She was taken to the porch and the patrol wagon was summoned. She was taken to the North Topeka insane asylum where Superintendent Bedwell reports that she is improved today.

Miss Owens had been in the insane asylum before but she had been discharged as cured, and she went to Miss Blower's for the best of recommendations. Her father John Owens lives at Osawkee.

## SOCIAL AND PERSONAL.

Items of Interest About Topeka's People and Visitors in Town.

Mrs. W. G. Smyser very pleasantly entertained a company of ladies yesterday afternoon at a thimble party, and with such charming surroundings and the various touches here and there that only a successful hostess knows how to give, the affair could not fail to be a pleasurable one. Miss Aimee Crandell recited, Miss Palmer played, and several other guests contributed most acceptable music.

Roses, palms, jasmine, and catalpa blooms all received their share of admiration in the decorations, and the ladies were seated at daintily appointed tables for lunch. The hostess was assisted by Mrs. Crandell, Miss Maud Parker and Miss Lois Crandell, and the guests were: Mrs. W. F. Parker, Mrs. H. Clarkson, Mrs. Dr. Wall, Mrs. Dr. Hogeboom, Mrs. A. S. Speeches were made by Judge F. G. Adams, W. I. Jamison and Mrs. Venella, president of the "Coterie" club.

This was the first of a series of meetings in the interest of equal suffrage, and was a thorough success as the entertainment book will testify. Every one present signed his or her name for woman's rights. There was a committee appointed to arrange for a public meeting soon.

Mitchell, master of ceremonies and proceeded in the following order: Wagon containing speakers, wagon with flowers, children in costume, more flowers, other children in costume, three wagons containing members of the G. ## RAPID RANSOM.

He Moved Altogether Too Fast for Policeman Jenkins.

Policeman Jenkins went to Tennessee town today with a warrant for the arrest of Wornack Ransom an 18 year old colored boy, who fought a few decisive, thick-set rounds with Edward Gentry, also colored.

He might as well have gone deer-hunting wearing an extra big cow bell for a uniform in Tennessee town.

It was an unusual sight except when something has gone wrong, and the presence of a foot and a half spread from house to house like wild-fire.

Jenkins did the best he could and asked every colored boy he met about Ransom. For all he knows he may have enquired of Ransom himself. The last heard of the boy he was running out past Washburn college, and Jenkins returned with the request that an officer in citizen's clothes be sent to Tennessee town hereafter.

## Nothing in This World

Is so cheap as a newspaper, whether it be measured by the cost of its production or by its value to the consumer. We are talking about an American, metropolitan, daily paper of the first class like THE CHICAGO RECORD. It's so cheap and so good you can't afford in this day of progress to be without it. There are other papers possibly as good, but none better, and none just like it. It prints all the real news of the world—the news you care for—every day, and prints it in the shortest possible space. You can read THE CHICAGO RECORD and do a day's work too. It is an independent paper and gives all political news free from the taint of party bias. In a word—it's a complete, condensed, clean, honest family newspaper, and it has the largest morning circulation in Chicago or the west—125,000 to 140,000 a day.

Prof. J. T. Hatfield of the Northwestern University says: "THE CHICAGO RECORD comes as near being the ideal daily journal as we are for some time likely to find on these mortal shores."

Sold by newsdealers everywhere, and subscriptions received by all postmasters. Address THE CHICAGO RECORD, 181 Madison-st.
